## *ILLUSION(S)*

Pour ce huitième numéro d'Indigo Mag, nous nous sommes aventurés dans le royaume des paradoxes, des trompe-l'œil, des anamorphoses et des images cachées...

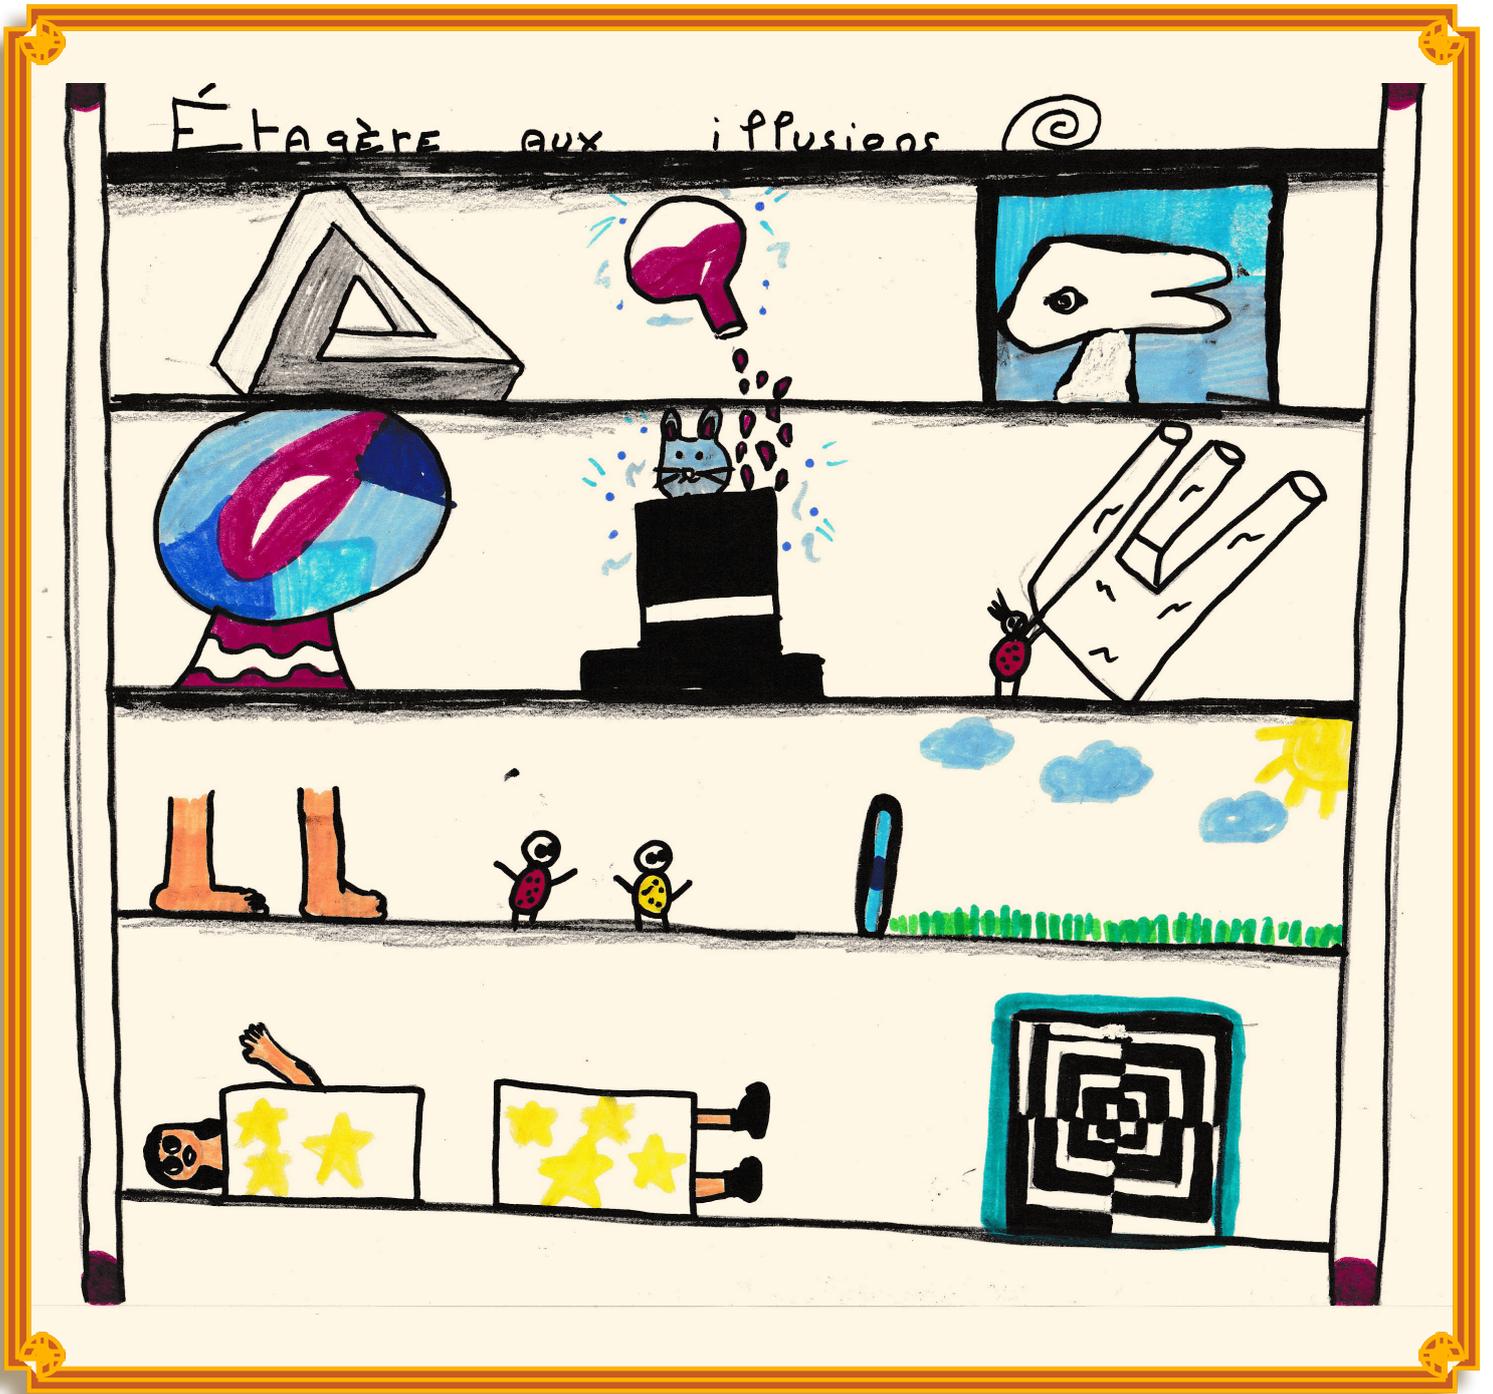

Ce fut l'occasion d'aborder différemment les questions de perspective, d'ombre et de lumière, et de remettre en cause ce que voient nos yeux.

C'est avec beaucoup de fierté que nous vous invitons maintenant à visiter notre petit musée des illusions...

Visite du musée

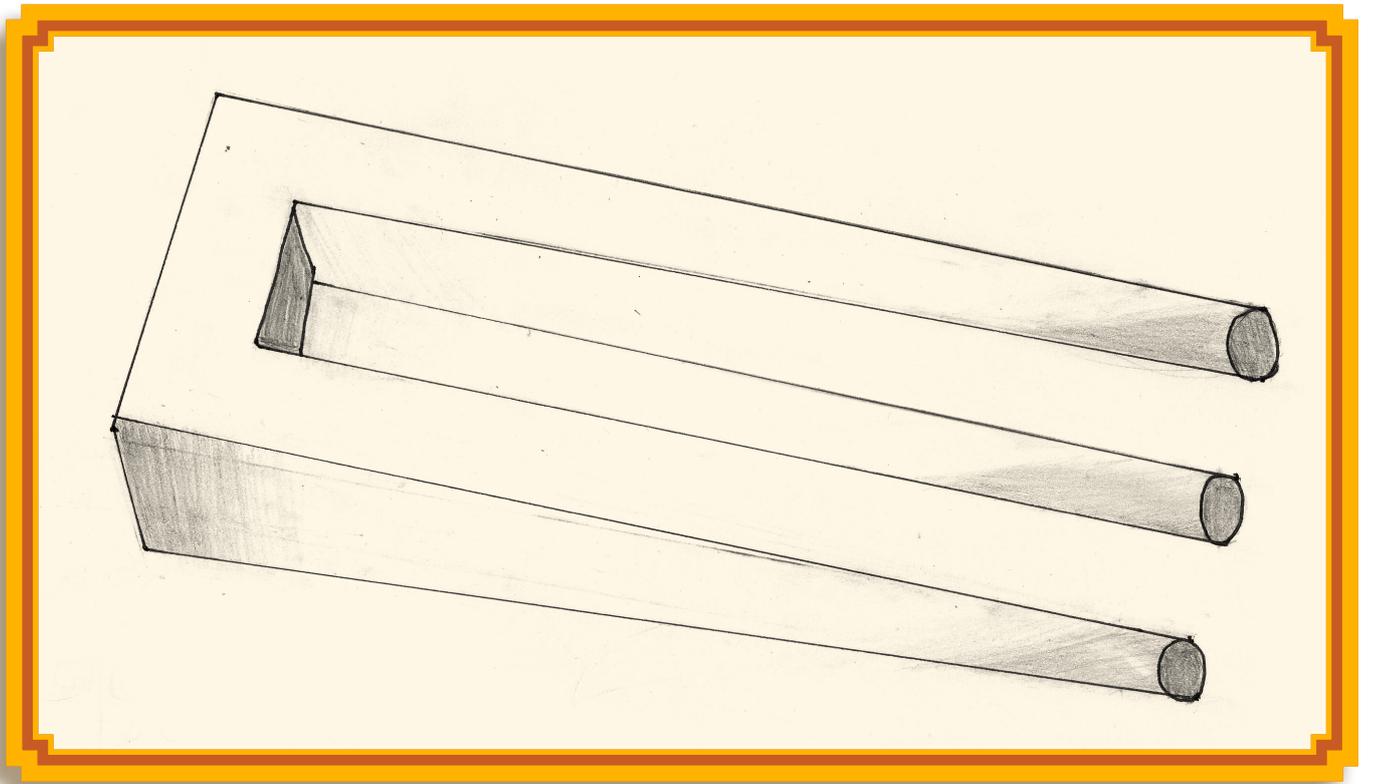

*Parmi les tableaux du musée,  
se cachent des anamorphoses...  
Des dessins qui doivent être regardés  
sous un angle bien précis  
pour prendre tout leur sens.  
Les avez-vous trouvés ?*

D'autres parmi nos artistes ont souhaité aller encore plus loin, en explorant les opportunités narratives qu'offrait le thème des illusions, du surréalisme, voire de l'absurde ou du métaphysique...
